

Residents can soon expect pest control services to come knocking

A professional pest control company will be treating each unit quarterly. For severe problems, retreatments may be necessary. Residents do not need to be at home. Please make sure that the apartment is cleaned, garbage is removed, and dirty dishes are not left out overnight. There is no charge for the routine pest control, however If your housekeeping is poor and the apartment is not being maintained there will be a fee of \$50.00 for each additional treatment until the housekeeping is improved.
